

The Bahrain Quality Assurance Authority for Education and Training (QAAET) in the Kingdom of Bahrain monitors and evaluates the quality of education and training in Bahrain. The National Examination unit in QAAET is now seeking outstanding candidates in the following position:

Psychometrician (ref. PSY):

- Bachelor Degree in relevant education area, postgraduate qualification (Masters or PhD) in assessment or research methodologies and/or relevant practical experience.
- A minimum of 5 years' experience in psychometrics, and its practical applications, to assessment.
- Knowledge and experience of psychometrical principles and assessment methods, with focus on technical issues.
- Knowledge of equating and other methodologies for setting and maintaining standards (including Rasch analysis and item response theory).
- Experience of commissioning and undertaking academically rigorous research.
- Ability to acquire knowledge of Bahrain's education and assessment system.
- Knowledge of international best practice in assessment, including relevant research.
- Interpersonal and communication skills (Arabic desirable & English mandatory).
- Active member in the professional field through publications and presentations at conferences.

To apply, please send your C.V. mentioning the above reference to the following email address: qaa@csb.gov.bh
