APPLIED STATISTICS – Lecturer (Full-time, Two-year, Renewable)

Position: The Measurement, Evaluation and Statistics Program at Teachers College, Columbia University invites applications for a two-year lecturer position in Applied Statistics. Candidate should have Ph.D. or Ed.D. in statistics, quantitative methods, or related field, and experience teaching applied statistics at the graduate or undergraduate level. Experience in data analysis and statistical consulting is highly desirable. Duties will include teaching two courses per semester and providing statistical consulting to faculty and students.

Rank: Lecturer; Non-Tenure Track.

Term of Appointment: Initial appointment for two years, renewable.

Send: CV, cover letter stating how you meet the qualifications, and including a brief statement of professional research and teaching interests, evidence of effective teaching in applied statistics, three letters of reference, and any relevant publications to Professor Matthew Johnson, Search Committee Chair, Box 188.

Review of applications will begin immediately and continue until the search is completed. Appointment begins September, 2010.

Teachers College as an institution is committed to a policy of equal opportunity in employment. In offering education, psychology, and health studies, the College is committed to providing expanding employment opportunities to minorities, women, and persons with disabilities in its own activities and in society.
