Department: Psychology  
Position: Quantitative Psychology  
Rank: Assistant or Associate Professor

The Department of Psychology at THE OHIO STATE UNIVERSITY seeks an outstanding candidate for a tenure-track Assistant or Associate Professor position in quantitative psychology. Applicants should be specialists in one or more of the following: psychometrics and psychological testing (e.g., measurement theories and test construction, reliability and precision of measurement, types of validity, test norming, test and item bias), statistical modeling of measurement related research topics (e.g., item response theory, factor analysis, structural equation modeling), and/or development of methods for longitudinal and time-series models.

Qualifications:

Candidates must have earned a Ph.D. in quantitative psychology or a related field prior to the expected start date (Fall 2022). All candidates are expected to have strong and fundable research programs, make significant contributions to other substantive areas (neuroscience, cognitive, clinical, developmental, social and decision psychology, Intellectual Developmental Disabilities and educational testing), and contribute to both graduate and undergraduate supervision and instruction. Appointment is contingent on the university’s verification of credentials and other information required by law and/or university policies, including but not limited to a criminal background check.
